**HITACHI AMERICA INTRODUCES CP-X268A MODEL PROJECTOR WITH WIRELESS  
CONNECTIVITY**

*--The CP-X268A boasts wireless capabilities, PC-less presentation and built-in networking.--*

**ORLANDO, FLORIDA, [www.hitachi.us](http://www.hitachi.us), June 7, 2006** — Providing wireless connectivity to the pro AV channel, Hitachi America, Ltd., Ubiquitous Platform Systems Division is introducing the CP-X268A model projector. The new CP-X268A brings a new level of connectivity and versatility to large venues and educational settings.

“With the introduction of the CP-X268A, educators and presenters now have more flexibility than ever before,” said Pete Denes, vice president of sales, Hitachi America, Ltd., Ubiquitous Platform Systems Division, Business Group. “Wireless connectivity makes sense for any application where mobility of the end-user is a priority.”

-more-

Additional features of the CP-X268A include PC-less operation, which is accomplished via an SD card, USB drive or external storage device using jpeg, bmp, png and Mpeg4 (standard profile) Networkability is another significant feature of the CP-X268A, as wired LAN connectivity makes remote monitoring and control a reality. Using Hitachi's proprietary PJMan<sup>™</sup> and PJCtrl<sup>™</sup> functions, presenters can save significant time and maintenance costs. The CP-X268A boasts a brightness of 2,500 ANSI lumens, a 500:1 contrast ratio, a low noise level of 34 dB in whisper mode, as well as a security bar, Kensington slot and transition detector.

### **About Hitachi**

Hitachi America, Ltd., Ubiquitous Platform Systems Division, produces and markets a wide variety of digital products for business and consumers. The division's Consumer Group markets high-definition plasma televisions and monitors, LCD projection and flat panel HDTVs, LCD projectors, and DVD camcorders and DVD players. The division's Business Group markets LCD projectors, professional plasma monitors, interactive panels and whiteboards and security and observation system products through value added resellers, system integrators, distributors and OEM.

Hitachi has a unique position in the marketplace by manufacturing and developing its own core technologies to provide consumers and businesses with optimal product performance in each of Hitachi's product categories. For consumer products, please visit [www.hitachi.us/tv](http://www.hitachi.us/tv). For business products, please visit [www.hitachi.us/digitalmedia](http://www.hitachi.us/digitalmedia). For more information about electronic whiteboards and Starboard software, please visit Hitachi Software at [www.hitachi-soft.com](http://www.hitachi-soft.com). Hitachi brand business products are connected through Hitachi's OneVision program, which makes it possible for any Hitachi business unit dealer to sell Hitachi products from other Hitachi business units.

Hitachi America, Ltd., a subsidiary of Hitachi, Ltd., markets and manufactures a broad range of electronics, computer systems and products, and consumer electronics, and provides industrial equipment and services throughout North America. For more information, visit [www.hitachi.us](http://www.hitachi.us).

Hitachi, Ltd., (NYSE: HIT / TSE: 6501), headquartered in Tokyo, Japan, is a leading global electronics company with approximately 356,000 employees worldwide.
